NEW ONLINE LEARNING MODULES FOR INSTRUCTOR TRAINING

Some states have begun to use online videos to cover portions of their instructor certification training. Before your state jumps the gun, be aware that our National 4-H Shooting Sports Committee is very close to launching online learning modules for much content that is normally presented in general sessions at instructors training workshops. We have contracted with a company to finalize the modules in the next few months. Intent to introduce these at our State coordinator conference this fall. Stay tuned.
